

**Veterinary Education Center of Latvia invites to webinars:
"Hospice and palliative care with Dr. L. Valdmanis. "**

**Two Wednesdays: April 20th and 27th from 18:00 to 19:30
Platform: ZOOM! Language: English!**

Dr. Lizete Valdmanis - Certified Hospice and Palliative Care Veterinarian in Toronto, Canada.

Grew up in a Latvian family in Hamilton, Ontario, Canada. She earned a degree in veterinary medicine from Ontario Veterinary College in 2008. She has worked in small animal clinics (including an exotic animal clinic) until 2019. She was certified in 2021 by the International Association for Animal Hospice and Palliative Care (IAAHPC) certification and is currently working as a hospice veterinarian at Midtown Mobile Veterinary Hospice Services (MMVHS) in Toronto, Canada.

Animal hospice and palliative care are recognised as important aspects of veterinary medicine. As veterinary medicine continues to evolve, offering our patients more and more treatment options, there is also a need to recognise end-of-life patient care as an integral part of supporting a good quality of life.

Dr. Valdmanis will present a two-part lecture series on insights into veterinary hospice and palliative care: what it is, the benefits, and how to implement hospice care for pet patients in your clinic. The second lecture will discuss euthanasia at home, pet care and support for families.

Webinar dates, times and topics:

April 20th 18:00 – 19:30*	Hospice and palliative care, benefits, introduction into the practice.
April 27th 18:00 – 19:30*	Pet care, euthanasia, support for families.

(GMT +2 Latvia time)

Participation fees:

Veterinarians	EUR 30 for both webinars EUR 15 for any each
