

Anaesthesiology & cardiology for small animal practice with *Aleksandr Semjonov* and *Laurent Locquet*! Post-seminar dinner at the restaurant.

When: - Seminar: December 16th (Friday)
- Workshop: December 17th (Saturday)

Where: Latvia University of Life Sciences and Technologies, Faculty of Veterinary Medicine, University Clinic, K. Helmaņa street 8, Jelgava

Language and materials: ENGLISH!

Event is kindly supported by:

Speakers:

Aleksandr Semjonov, DVM, PhD

Dr. Aleksandr Semjonov is a veterinary anaesthesiologist and senior lecturer in anaesthesia and intensive care at the Estonian University of Life Sciences. He graduated from the same university in 2011 and performed his clinical training in anaesthesia departments of Universities of Vienna and Helsinki. In 2012 he joined Wildlife Pharmaceuticals company in South Africa as a researcher and clinical advisor. Dr Semjonov obtained his Doctoral Degree in veterinary anaesthesia in 2021. Since 2016 he holds the position of Chief Clinical Officer at the Estonian University of Life Sciences, supervising work of Chair of Clinical Veterinary Medicine and Animal Clinic. He is an author of several scientific publications and book chapters in the field of anaesthesia. Dr. Semjonov has a special interest to lung

mechanical ventilation, anaesthesia of cardiac patients and wildlife anaesthesia. *Annual speaker at seminars and webinars of Veterinary Education Centre of Latvia for last 7 years! This year we will be happy to meet Dr. Semjonov in person again! (Many of you will surely remember last December when A.Semjonov presented last webinar for us live from auditorium of our Faculty!)* Everyone who has heard Dr. Semjonov speak at least once will agree that the lecturer provides a broad, in-depth multidisciplinary insight into a specific topic, being able to present it in an easy-to-understand and attractive manner.

This year A. Semjonov will be joined by his friend and colleague Dr Locquet!

Laurent Locquet, DVM MRCVS GPCert (VC) Diplomate ECVIM-CA (Cardiology) graduated in 2015 from Ghent University, Belgium and worked in general practice in South Africa and in Belgium, primarily with cats, dogs and wildlife, before starting a rotating internship in a busy referral center in the UK. During his internship, Dr Locquet obtained his certificate in Veterinary Cardiology, and thereafter completed a Residency in Veterinary Cardiology at the University of Ghent. He successfully obtained his Diploma before joining a busy referral practice in greater London area for a year before joining Dick White Referrals in 2022 as a specialist in veterinary cardiology. Dr Locquet enjoys all aspects of veterinary cardiology though he has a particular interest in procedures involving cardiopulmonary bypass, minimally invasive interventions and wildlife cardiology.

Programm of event:

December 16th, Friday

Time	Topic	Speaker
8:30 - 9:00	Registration, good - morning coffee
